Coastkeeper Needs Your Support Now More Than Ever!

Your Tax-Deductible Donation Will Help Protect & Restore Clean Water for all San Diegans

San Diego Coastkeeper is **your** voice for clean water in San Diego County and we are not slowing down! Although the economy affects us all, San Diego Coastkeeper knows that you depend on us to monitor water quality, educate our children and community members about pollution prevention, and advocate for sound water policies. Now, more than ever, we need your support. Please, [donate today](#).

Thanks to contributions from community members like you, San Diego Coastkeeper is hard at work on ambitious projects. Together with other conservation groups, we are working to implement marine protected areas off the San Diego coast that will protect the wildlife and habitat that makes San Diego unique. Our education and outreach programs will continue to train hundreds of volunteers every year as advocates for pollution prevention and 50,000 children will learn how they can help keep San Diego's water clean. Monthly cleanups and Coastal Cleanup Day will prevent 180,000 pounds of trash from finding its way into the ocean. Your donation supports these programs and more. Together, we will continue to protect and restore San Diego's water for the people and wildlife that depend on it.

You can make a difference in pollution prevention today by making your [tax deductible donation online](#), by sending a check, or by calling our Point Loma office at 619-758-7743 x117 to pay by credit card. Together, we can make a difference. Thank you for your support!
