### Help Terminate the Antiquated South Bay Power Plant

*Attend May 12 hearing to show your support*

On Wednesday May 12, the Regional Water Quality Control Board will vote on whether to terminate the permit for the 50-year-old South Bay Power Plant. This eyesore on Chula Vista's Bayfront devastates the ecosystem, killing larvae and fish and preventing more than 100 acres of critical eelgrass from growing (that's 1600 tennis courts worth!).

Join Coastkeeper, elected officials and other community groups in urging the Regional Water Board members to terminate this destructive discharge by June 1, and help us reclaim our waterfront. Termination is the first step in removing this plant from the shores of San Diego Bay and taking back this once pristine natural treasure.

The South Bay Hearing will start at 10 a.m. on Wednesday, May 12, at the San Diego Regional Water Quality Control Board, located at 9174 Sky Park Court, Suite 100, San Diego, 92123.

## San Diego's Action List

### Step #1

#### Attend the hearing

Join us at a press conference at 9 a.m. on May 12 (9174 Sky Park Ct.) and stay to register your support at the hearing at 10 a.m. Stand up for cleaner water, cleaner power and better access to YOUR bayfront. Wear your Coastkeeper gear if you've got it.

### Step #2

#### Become a member

[Become a member of Coastkeeper.](#) Your support is critical to our advocacy on important issues like the South Bay Power Plant.

### Step #3

#### Get informed

[Read more about the community impacts](#) from this antiquated technology and aging plant.
