

I DIG YOUR FOOD, BUT DITCH THE FOAM

SAN DIEGO
COASTKEEPER

GET THE FACTS:

- Styrofoam™ is among the top three items polluting our beaches
- Styrene, one of the main chemicals of Styrofoam™, has been listed as a carcinogen
- Styrofoam™ is not recyclable

SOLUTIONS:

- Charge a small fee for customers requesting takeout
- Discount for customers who bring their own containers
- Use recycling bins for paper and plastic waste
- Choose an alternative takeout material listed on the back of this card
